List of Open Source Games

There are some really nice open sources games out there. Many of them come already provided by the package distribution system of Linux distributions. Some require manual installations or come as appImages. Here's a list of the games known to this wiki, that are actually open source:

- Balanced Annihilation
- KeeperFX
- Nexuiz
- Rexuiz
- OpenXcom
- Quake III Arena
- UFO2000
- Xonotic
