

Armada 1 Enterprise-D

The *Enterprise-D* of the game *Star Trek: Armada* is one of the Federations [hero ships](#). Is is **not** available in the [singleplayer campaign](#) (unlike the »normal« [Galaxy](#) class) but may be available on custom maps and in mods. It is basically an improved version of the Galaxy class, enlarged by 28%. It does however use slightly different textures (see blow) showing its serial number and name. It also represents the character of Jean-Luc Picard as its captain.
