

Armada 1 Premonition

The *Premonition* ship of the game *Star Trek: Armada* is one of the Federations [hero ships](#). Is is usually only available single-player missions [Premonitions](#), [The Twilight Hour](#) and [A Line in the Sand](#), where it cannot be constructed. It is a totally unique ship. It also represents the character of Captain Demming in the campaign. It may be available on custom maps and in mods.

Similarly to the [Jach'eng](#) and the [Phoenix](#), the Premonition basically works the same as the [Temporal Research](#) station, a [super weapon](#). It could as such be considered one itself.
