

Armada 1 Mining Station

The Mining Station is the target station for [Dilithium Freighters](#). After gathering Dilithium from a [Dilithium Moon](#) the Dilithium is transported back to the Mining Station. It is a vital part of the economy of any [Federation](#) player. The least number of Freighters required to achieve maximum output is three. Depending on the relative position of station and moon it may require more freighters.

Statistical Values

Faction	Federation
